

BLAZER MARINE

Propulsion

Propellers, ZF Faster Propulsion - Shafts - Brackets and Struts - Rudders - Sterntubes - Kort Nozzles

Propulsion Accessories

Brass and Phenolic shell Cutlass Bearings - Split Roller Bearing (Timken) - PSS Shaft Seal - Tides Marine Shaft Seal - Composite bearings - Gland Packing - Rope cutters

Cathodic Protection Systems

Rudder Anodes - Shaft Ball Anodes - Plate Anodes - Ring Anodes - Thruster Anodes - Weld Anodes - Propeller anodes

Engines and Mounts

Yanmar Engines and Spare Parts - Air and Fuel Filters - Yanmar Engine Oil - Flexible Couplings - Engine Mounts

Gearboxes and Couplings

ZF Gearboxes - ZF Filters and Spare Parts - Total Command Control System - Gearbox Couplings - Cardan Shafts

Steering Systems

Lecomble & Schmitt: Hydraulic Steering (Inboard/Outboard) - Cylinders - Helm Pumps - Power Packs - Steering Wheels - Joysticks - Tiller Arms- Tie Rods - Power-Assisted & Electro-Hydraulic Steering - Autopilot Solutions

Engine Controls – Electronic and Mechanical

Glendinning: Electronic Engine Controls - Cablemaster™ (Power Cable) - Hosemaster™ (Hose Handling) - Engine Control Cables - Single/Twin Lever Controls - Rudder Angle Indicators

Halyard Exhaust Systems and Accessories

Exhaust hoses - Heavy Duty Hose Clamps - Dry Silencers - Risers and Spray heads - GRP Silencers - Thermal Insulation

Lewmar

Windlass - Anchor & Anchor chain - Winch - Thruster - Hatch & Portlight - Roof Systems - Glass - Steering - Hardware - Hydraulics

Sleipner Side Power, Maxpower and Lofrans

Bow and Stern thruster - Fin Stabilizer - Gyro Stabilizer - Windlass - Capstan - Winch

Electric Propulsion

Electric and Hybrid Propulsion - Pod propulsion - Rim Drives - Battery Systems

Marine Consultancy

- ☛ Powering calculations and performance prediction for high-speed and special-purpose vessels
- ☛ Comprehensive propulsion design for hybrid and electric systems (inboard/outboard), including expertise in CPP, waterjets, surface drives, and sterndrives
- ☛ Torsional vibration analysis and shaft alignment calculations
- ☛ Steering, manoeuvring, and mooring system design
- ☛ Hull and appendage performance optimization, propeller noise/vibration analysis, cavitation behaviour, and FSI simulations
- ☛ Design consultancy, shipyard evaluations, project management (new builds, refits, drydock), pre-purchase inspections, stability calculations, and inclining experiments

Design, Production and Mobile Service Team

Led by a team of naval architects and engineers with over 40 years of experience, we operate from a state-of-the-art, ISO-certified manufacturing and repair facility, serving the industry since 2012.

Our workshop in Al Jadaf features advanced horizontal/vertical lathes, precision milling machines, and state-of-the-art dynamic balancing machines.

Shaftline

- ✓ Tail shaft removal and installation with laser/piano wire alignment, stainless steel repair, bend straightening, line boring, coupling manufacture, and facing
- ✓ Propeller repair, bent blade straightening, pitch modification, polishing, static and dynamic balancing
- ✓ Shaft seal/stuffing box installation and cutlass/composite bearing removal/installation using liquid nitrogen or dry ice

Engine, Gearbox, Generators, Controls, and Exhaust System

- ✓ Installation, service, maintenance, and overhauls, including heat exchanger and injector servicing
- ✓ Electronic and mechanical engine control installation, calibration, and service
- ✓ Dry and wet exhaust system design, manufacture, and installation

Steering, Hydraulics, and Auxiliary Systems

- ✓ Steering and hydraulic system installation and maintenance
- ✓ Bow & stern thruster, gyro stabiliser, and fin stabiliser installation and repair
- ✓ Windlass and winch installation, maintenance, and repair
- ✓ Motor winding and servicing, pump and valve repair

Fabrication

- ✓ Stainless steel, steel, and aluminium fabrication for rails, ladders, gangways, marine doors, and other marine equipment
